Dear Tracy:

I wanted to tell you about the results I have gotten by using Power Up.

I started using Power Up in my Go Cart which I race on the weekends, Normally I have had to replace several engine parts because of severe wear. I also have to clean out aluminum shavings created by extremely high R.P.M. After having used Power Up in my Go Cart during several races, I had very little wear on the bearings and no aluminum shavings in the oil.

I am very pleased with the results I have received and plan to purchase Power Up for my personal automobiles as well as the equipment at burning Ridge Golf Course.

Thanks again for introducing me to Power Up.

Sincerely,
